Date: 21 April 2025

Employment Reference

To whom it may concern,

This is to certify that Mr. Ashu Sidhu has commenced employment with Baaz Electrical Group Pty Ltd on 27 January 2025, till date in the position of Graduate Electrical Engineer. He has been working on Part-Time basis with minimum of 24 hours a week.

During his tenure, we found him to be proactive and Self-starter, who is highly motivated and with exceptional capabilities.

Job duties of Ashu Include but are not Limited to:

- Reviewing and interpreting Electrical drawings and complete product- based quality assurance documentation.
- Providing technical advice with Lux level calculations in AGi32.
- Production of lighting Layouts with CAD drawings.
- Power calculations and maximum Demand calculation using AS3000.
- Designing of artificial lighting and product selection.
- Analysis of technical lighting requirement from clients On Site and implementation of suitable design solutions.
- Helping in fault finding and commissioning projects.

During his service at Baaz Electrical, he has proven to be efficient, punctual and hardworking and has performed all tasks assigned to him in the best of our satisfaction.

Please contact us if you have any further queries.
